

Year 4 Spring Homework Grid

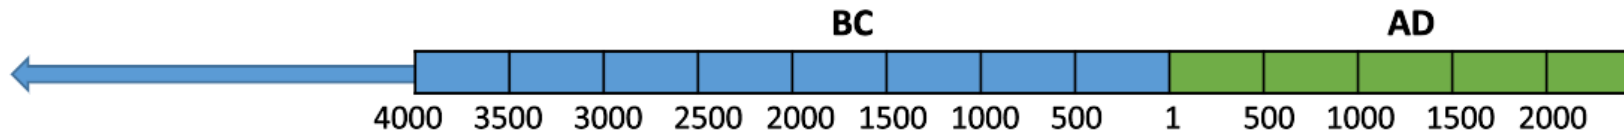

Please upload your work onto Google Classrooms when completed or bring it into school for display. We're looking forward to seeing your fabulous work.

Have fun!

Miss Mayes and Mrs Smith

	A - History/Geography	B - Science/Computing	C - Art/DT	D - Literacy
2 points	Go on Google Maps and find as many rainforests around the world as you can. Write them down or label them on a map.	Using a computer, create a collage about the Amazon Rainforest.	Use playdough/plasticine to make a 3D sculpture.	Learn a poem and perform it to the class.
5 points	Find out 10 top facts about the Anglo-Saxons and Scots.	Draw diagrams to show the difference between solids, liquids and gases.	Create a moving car using materials that you have at home.	Write a diary entry as Laura from The Wreck of the Zanzibar.
7 points	Research a plant or animal that lives in the Amazon Rainforest and make a fact file about it.	Make a string phone https://www.youtube.com/watch?v=4S7nG6S1isM What happens to the sound? How does it travel?	Create a piece of religious art that represents the Parish Community.	Create a playscript for the class to read or perform your play and record it for the class to watch.
10 points	Create a powerpoint/presentation about the Anglo-Saxons and Scots to summarise what you have learned.	Can you create your own science experiment to test an aspect of sound? You could use these ideas to help (you may need an adult to help with some): https://www.kidsacademy.mobi/storytime/sound-science-experiments/	Visit a local museum - take pictures of any sculptures made out of clay. What do you like about them? Why are they created like that?	Create your own poem about nature - it could be a Haiku, simile poem, free verse, or a repeating pattern.
