

Parents in Partnership

Year 5:

Date set: 17.5.19 Date due in: 22.5.19

This week we have been learning:-

English: We have been learning how commas can be added to a sentence to change the meaning. For example, Let's eat Grandma has a very different meaning to Let's eat, Grandma

Spellings: This week's spellings have been adverbials of time. Next week's spellings will be adverbials of place.

Maths: We have continued the work on measuring and drawing angles. We have also learnt how to find the missing sides of rectilinear shapes (shapes made of 2 or more rectangles) by using what you know about rectangles.

This is a gentle reminder:- Please return your sailing permission forms by Wednesday.

Homework Tasks.

English:

Look through a book (or books) to find places where commas have been used. Copy the sentence into your homework book and explain why the comma has been used there. E.g. In a list, a subordinate or relative clause, a fronted adverbial.

Challenge: can you find any sentences that if you took the comma away, it would completely change the meaning.

Maths:

Find the missing measurements on these shapes. They are NOT drawn accurately so you can't measure them.

My child's response to the tasks.

Extreme Reading, Caught Writing
