English

In English we are going to be looking at short stories, we will be breaking this genre down into small sections and looking at the different parts and features.

This week, I would like you to create a setting for a story of your choice. You could draw it and add labels or write a paragraph describing your setting. It could be a real place or something from your imagination!

Maths: We are starting our new topic which is Length. This week, have a go at measuring or estimating (guessing using knowledge) different items around the house. You could use a ruler, tape measure or I will give you a paper metre strip to use! Record your measurements. What was the smallest thing you measured? What was the biggest?

CHALLENGE: Can you convert between cm and m?
