### **RE Theme**

The purpose of this unit is to deepen our understanding of the Annunciation and the events of the Christmas story. Emphasis has been placed on the journeys associated with the Birth of Jesus, as well as highlighting what we can learn about Jesus from these journeys. This work helped set the context socially, religiously and geographically for the Birth of Jesus. The question was also raised of the implications for the Church's work today, consideration is given to the Church's work with refugees in the light of the 'Flight to Egypt'.

We have noticed many children have not been bringing fruit for the morning session. Please can we ask if you would like your child to have fruit in the morning that it is provided and labelled.

### **Food Allergies and Medical Information**

If your child has any medical conditions or allergies please can you ensure that you inform the office with information and any medical advice as soon as possible.

Thank you for your support. We appreciate all the efforts you make to support the children with their learning.
