In Maths we are working on fractions, and will be introducing hundredths, learn about mixed number fractions and improper fractions. Children will learn how to convert between mixed numbers and improper fractions and how to add and subtract fractions. They will solve addition and subtraction word problems.

At the same time they will be working on multiplication and division. This week we will be diving by 11 and 12 using knowledge of these times tables to help and dividing whole numbers that leave remainders.

This week's homework is: Equivalent fractions. The children will have a choice of 2 worksheets. We have discussed the work in class!

Our Topic this half term is Ancient Egypt

Egyptian gods

Isis   Osiris   Ra   Horus   Anubis

Sobek   Thoth   Hathor   Amon   Seth

Here are some of the gods of Ancient Egypt. Choose two that you think look interesting and research them. Make a short fact-file about each one.

Spellings this week use the negative prefixes ir- and inter-

Please learn how to spell these words for test on Mon. 20th November

irregular

irrelevant

irrational

irrecoverable

irreplaceable

interact

interaction

intercept

interchange

international

Results from last week are written in their reading record.

Times Tables This week

We are working on division so knowing times tables up to 12 x 12 is really important. The children have been tested this week and will be given the tables facts they do not know to learn.
