

Maths

In Maths we have been looking at cm, m and km and converting between the units.
Choose a star and convert the measurements.

REMEMBER: 1 metre = 100 centimetres, 10mm = 1 centimetre, 1 kilometre = 1000m

324 cm = _ m _ cm
795 cm = _ m _ cm
242 cm = _ m _ cm

4m 53cm = ___ cm
2m 35cm = ___ cm
1m 4cm = ___ cm

1km 243m = ____ m
3km 24m = ____ m
2km 593m = ____ m

4957m = _ km ___ m
1042m = _ km ___ m
2507m = _ km ___ m

10km 497m =
1km 4m =
2km 34 =

2034m =
12342m =
3002m =

English

We have been writing information posters this week all about The Romans.

I would like you to create a information poster all about yourself.

Make sure you have: a heading, subheadings, pictures or drawings, facts, a 'did you know?' box.

Possible subheadings could be: favourite things, family, pets, my house, my routine, my friends...

RE

This week we have been learning all about St. Francis of Assisi and his first nativity scene. We have had a go at recreating it ourselves!

Next week we will be starting our new topic which is revelation.

Times Tables

Please practice the 4- and 8-times table this week and the division facts that go with it. Some of you are confident on these tables so you can be practicing your 9s!

Remember to use Times Table Rockstars and Hit the Button!

Spellings

The spelling rule this week is using -ily.

Angrily

Happily

Lazily

Noisily

hungrily
