

Parents in Partnership

Topic/English

The children have visited their new class and met Mr. Dennis and Mrs. Baskerville who will be teaching them in year 5.

Over the summer holiday it would be a good idea if you could keep a diary of what you have been doing. It would also be a good idea to take up the Weymouth library reading challenge, which is reading a book a week.

Year 4 Class Newsletter

A final thank-you to all children, in Y4 who have worked so hard this year and to parents who have been support of their children's learning.

Mrs Chase and
Mr Brown

Maths Over the holiday trying to keep applying what we have learned in class to everyday situations.

How much change will you get?

What time will it be when?

How far away is?

What is the total of?

What is the difference between?

There are plenty of Y5 activity/work books in shops, you could buy and try. These will have work in and would give you ideas of what you will be learning in Y5.
