

## Earth Year 4 Spring 1 2021/2022

	<b>A - Geography</b>	<b>B - Art/DT</b>	<b>C - Science</b>	<b>D - Literacy</b>
<b>2 points</b>	Find out about the longest river in the world.	Make a collage image of the river Thames.	Make a list of all the items you can think of that use electricity in our everyday lives.	Make sure that you can spell names of British water ways we are studying and add them to your vocabulary book.
<b>5 points</b>	Find out which rivers are in Dorset and explain how they lead to the Atlantic Ocean.	Create a technical drawing of the rivers in England.	Research stories of people who have lived 'off the grid' and explain how they manage without electricity.	Write a setting description of a beach in Dorset.
<b>10 points</b>	Choose a country around the world and explain how the water sources in that country have affected its development.	Find out about different materials used to illustrate water in art and explore techniques used in a piece of original artwork.	Complete some research about lightning and thunder and create a presentation.	Create a leaflet explaining the water cycle with illustrations.

You can choose which activities you do from this grid.

You must complete an activity from each area (A-D) and you must complete at least 35 points.

Obviously, we would love it if you did more!

You will be asked to bring your work into school in the last week of half term, so make sure that you don't leave it until the last minute. You will get the chance to show your work to the rest of the class.

Have fun with your learning! 😊
