

Parents in Partnership

Year 4:

Date set: 4:10:19 Date due in: 9:10:19

REMINDERS

Bring Brass instruments into school on Wednesday

This is what we have been learning this week.

Maths	English	RE	Science
We have continued our learning on place value by finding out how to round numbers to the nearest 10, 100 and 1000.	We have written a persuasive text about eating fruit and vegetables. We will be making these into leaflets in the next couple of weeks. We are hoping Mrs Berry will let us display them in the dining room	We have been learning about Laudato Si - Pope Francis' letter to the world - about Our Common Home. We have decided that everyone can make a difference and have thought of ways to help.	We have set up an experiment to find out the effect of too much sugar on our teeth.

Homework tasks will be set on Friday and will be due in on the following Wednesday.

Homework Tasks.

Task 1:

Find out as much as you can about Greta Thunberg.
What has she done to help save the planet?
How is she making a difference?
What has she done to show us that 1 person can make a difference?

Task 2:

Ask someone at home (mum, dad, granny, sister) to give you 5 three digit numbers. Round each number to the nearest 10. Then round then to the nearest 100.
Challenge: Ask for 3 four digit numbers and order them to the nearest 10, 100 and 1000.

My child's response to the tasks.
