

Maths

This week we have started looking at mass and how much different objects weigh.

We have been having a go at estimating (taking a guess). I would like you to go round your home and make a list of objects you think weight under 1 kilogram (kg) and object that you think weigh more than 1kg. If you have got scales you could have a go at weighing some of the lighter objects and reading the scales.

English

Thank you so much for your wonderful posters- I really enjoyed reading them and finding out more about you!

This week we have been writing letters. I would like you to write a letter to Julius Caesar telling him all about life in Britain today and asking him some questions about life in Roman Britain. You should include:

- Senders address at the top right side
- The date underneath
- 'Dear Julius'
- Paragraphs of information and questions.
- A sign off of the letter (speak soon, looking forward to hearing from you)
- Who it is from?

RE

This week we started our Revelation topic. The children are beginning to think deeply about how God reveals himself and how we can listen.

Topic

I am currently in contact with someone who is able to come in and show us lots of Roman artefacts and teach us all about Roman Britain! Please keep an eye on ParentMail over the following week for more information once I have confirmed the date!

Spellings

Our spelling rule this week is where the root word ends -le and we change this to make it by removing the 'e' to make it -ly.

Gently

Humbly

Simply

Nobly

Prickly
