

Welcome back and Happy New Year!

Welcome back! We hope you all had a wonderful Christmas. Wishing you a very happy new year. We are looking forward to all the learning that will happen in this new year!

Maths

In Maths we are looking at length and measuring. I would like you to go around your home and make a list of items that you think are more than 30cm and another list of items that you think are less than 30cm. You don't need to use a ruler for this as you can estimate!

English and Reading

We are still doing the reading challenge so keep up the reading at home! Some of you are close to the blue page which is 60 reads. Wow!!

In English we are starting our new genre which is non-chronological reports including posters, leaflets and fact files. I would like you to bring in a leaflet. You can get these in the foyer of most supermarkets! We will be using these leaflets in our learning over the next few weeks.

RE

In RE we are exploring Epiphany and Christmas Feasts. The children have been very enthusiastic about this and are making brilliant links with their learning.

Topic

Our new topic is The Romans! This will be a History and DT based topic where we will be learning all about the rise and fall of The Roman Empire. We will be creating and designing Roman Shields and other artefacts.

Spellings

The spelling rule over the next few weeks is the use of the -ly suffix. This week the root word does not change for the suffix to be added.

Weekly

Bravely

Loudly

Slowly

Fairly

Times Tables

I would like you to write out the division facts for the 3, 4- and 8-times tables and practice them. If you are not confident with your 8s then focus on the 3- and 4-times tables please.
