Parents in Partnership

## Year 4 Homework: Week Beginning: 20.11.17

In Maths we are working on fractions, and will be introducing hundredths, learn about mixed number fractions and improper fractions. Children will learn how to convert between mixed numbers and improper fractions and how to add and subtract fractions. They will solve addition and subtraction word problems.

At the same time they will be working on multiplication and division. This week we will be trying to use our times tables facts to solve multiplication and division word problems.

This week's homework is: Adding fractions. Choice of 2 worksheets.

Example: 2/3 + 2/3 = 4/3 or 1 and 1/3.

Our Topic this half term is Ancient Egypt

Can you make an Ancient Egyptian Snake Game?

Research to see what it might have looked like and how it was played. Use any materials you can find to make your game and counters and then write the rules so people can play your Snake Game.

Spellings this week use the negative prefixes super- and anti-

Please learn how to spell these words for test on Mon. 27th November

superfine

supercool

superhero

superhuman

supermarket

antifreeze

antiseptic

antisocial

antibiotic

anticlockwise

Times Tables This week

Your child will be given the times tables they are not confident with to learn. These will be their targets until the end of term when they will be retested.

These will be given out on Thursday.

For all the children who do know their tables up to 12 x 12 there will be a challenge sheet to complete also given out on Thursday.
