

Parents in Partnership

Year 4 Homework: Week Beginning: 29.1.18

The overview of Maths works for this half term.

The addition and subtraction unit children will be taught to add and subtract with numbers up to 10 000. They will use the column method for addition and subtraction and they will also learn mental methods for addition and subtraction. Pupils will be encouraged to think about when is the most appropriate time to use each method. They will use the methods taught to solve word problems: visualising the problems using the bar model.

Graphs, pupils will learn how to interpret picture graphs and bar graphs. They will be introduced to line graphs and how they are used to measure change over time. They will interpret line graphs and use information collated in a table to draw a line graph. Pupils will make predictions based on trends identified in data.

Time, pupils will learn about the 24-hour clock. They will learn how to use both the 12-hour clock and the 24-hour clock. They will convert between units of time, such as minutes and seconds, and hours and minutes. Pupils will learn how to solve time problems involving conversions and will calculate durations of time in relation to word problems.

This weeks homework. The children have been asked to complete a diary of times from their day and record them on the homework sheet using both 12 and 24 hour clocks. We have gone over this in detail in class so hopefully the children will be able to complete the exercise unaided! Any problems do let me know. MB

Our Topic this half term is Modern Europe

Starting soon will be the 2018 Winter Olympics.

Your homework is to research the Winter Olympic events and the countries that are taking part.

What Winter Olympic event would you like to watch or take part in when you are older and why?

On A4 paper can you create a poster about these Olympics?

Spellings this week possessive apostrophe noun plurals

Please learn how to spell these words for test on Mon. 5th February 2018

boys'

babies'

fairies'

trucks'

girls'

mice's

geese's

people's

women's

children's

Please try to learn these spellings for the test next week.

If you feel that 10 spellings are too much for your child then they could just learn 5 spellings and try to get them all correct.

Times Tables This week

Please continue to learn your individual target tables.

For all the children who do know their tables up to 12 x 12 there will be a challenge sheet to complete given out on Thursday.
