

## Stone Age to Iron Age. Year 3 Autumn Term 2021/2022

	<b>A - History</b>	<b>B - Art/DT</b>	<b>C - Science</b>	<b>D - Literacy</b>
<b>2 points</b>	Find out the dates of this period in history and draw a timeline to show them.	Find out about the cave paintings. Where are they? What do they show? Draw some of the pictures and explain how they were created.	Make a list of all the rocks you can find in your house and garden. E.g. Marble worktops in the kitchen.	Make sure that you can spell the periods of history we are studying and add them to your vocabulary book.
<b>5 points</b>	Find out if there are any prehistoric sites near here. See if someone can take you there and take some photos or collect a leaflet.	Make a prehistoric necklace using clay beads, shells, pebbles and string.	With a family member, go on a rock or fossil hunt. Take photos or do some drawings of your findings.	Write an acrostic poem spelling out either 'stone age' or 'iron age.'
<b>10 points</b>	Choose an area to study (eg homes, food, clothes, weapons) Find out as much information as you can and present your information in an interesting way. I expect you to look at the changes across the whole period we are studying.	Create a model of a prehistoric house. Look up how they were built and use this to help you.	Complete some research about Mary Anning and create a booklet about her life.	Write a diary entry for the day in the life of a stone aged child.

You can choose which activities you do from this grid.

You must complete an activity from each area (A-D) and you must complete at least 20 points.

Obviously, we would love it if you did more!

You will be asked to bring your work into school in the last week of term, so make sure that you don't leave it until the last minute.

You will get the chance to show your work to the rest of the class.

Have fun with your learning! 😊
