

Parents in Partnership

Year 3 2019/2020 Spring 1, Week 4
Hand out: 29.1.20 Due in: 4.2.2020

Maths

In Maths we are working on weight in grams and kilograms. We have learnt that there are 100g in 1kg.

Convert these measure to either grams or kilograms and grams.

1283g

2944g

2694g

5964g

4853g

1kg 294g

2kg 394g

1kg 589g

6344g

3505g

3048g

1002g

2kg 34g

4kg 2g

2103g

English

We have been looking at information leaflets this week (thank you for bringing them in!). We have been using persuasive language to get visitors to come to our Roman town.

Have a go at changing the language in each of the sentences below to make it more persuasive and exciting.

- 1) **Come to visit this park.**
- 2) **Everyone will like it.**
- 3) **We have a nice café.**
- 4) **There is lots to do.**
- 5) **There is a shop.**

Times Tables

Please practice the 3,4 and 8 times tables with their division facts. A grown up could write the sums for you to answer and time you! Please try and practice them out of order as this will help you learn the facts.

RE

We have been looking at Psalms this week. We have been reading them and discussing the words and metaphors. Deacon Geoffrey has been in to talk to us about them too which was extremely useful!

Spelling

This week, the spelling rule is words that have the ending –ous.

Dangerous

Famous

Nervous

Marvellous

Adventurous
