Number Task : Autumn Week 4

Name

(Y1)

Numbers Bonds

This week in maths we have started to look at number bonds and focused on recognising the terms whole and part. Pupils have begun to recognise what a number bond is and use number bonds more fluently.

We are currently working with number with 10 and making sure pupils understand and can become as fluent as possible with their bonds by using cubes and pictures to help break down the whole and part of each number.

We will be continuing this next week.

Literacy and phonics

Literacy

In literacy we have practised writing sentences and have used pictures and a few key words to create our own sentences. We have also been practising our handwriting and working on keeping our letters neat and tidy.

Phonics

This week in phonics we have been looking at 2 syllable words and practising some of our tricky words such as; One, was, they, all and were.

Phonics

This week in phonics we have been looking at 2 syllable words such as racket, tennis, bottle and lego.

We have also been practising some of our tricky words such as; One, was, they, all and were and then writing sentences using some of these words.
