

Sacramental Preparation

To help our children with their sacramental preparation, we have a First Holy Communion Group who meet out of school time twice a month with two members of the school staff.

The children work progressively through a set programme which starts every October, preparing them for their first confessions before Christmas and then leads them in their spiritual journey to prepare them for their First Communion which is celebrated at St. Joseph's Church in June. This is always a joyful occasion that allows us to come together as a worshipping community, supporting the families in our care.
