What can you see that is changing in your garden or in a park as we move into autumn?	Invent your own dance to your favourite piece of music.	Look at the colours on a leaf, how many colours can you see?	Draw a sketch map of your street.
Collect evidence that it is now autumn.	Imagine you are a leaf that is changing as autumn starts and is falling from a tree. Could you make up a dance to show what it feels like?	Can you draw and colour in a leaf you have found?	Find two places in your home or garden that are special. Can you give instructions as to how to get from one to the other? Can a grown up follow your instructions?
How do animals have to change as it gets colder and the nights get longer?		Using things, you can find around your home, can you build a tower for Rapunzel?
